Volume II, Issue VIII

Mawrters of the Month

Emma Rosenblum '14 and Anna Kalinsky '15 are the 2013-2014 Residence Council Heads. In addition to approving party forms and lurking around Angie Sheets' office, they also help run Room Draw, attend weekly administrative meetings, vote at SGA, and remind people to fill out facilities work orders. When not getting her Res-Co on, Anna can be found fencing, playing rugby, and loitering around the Chem wing in Park. Emma spends her spare time swimming, being a senior, and sending way too many emails. They'd love your suggestions on how to improve housing on campus, or else to just hear you say hi!
