**Club Name:** Bryn Mawr-Haverford Anime Club

**Summary:** Our club deals primarily with exploring the Japanese culture through the use of media, namely animation or 'anime'. Our club has been active for seven years.

**Purpose:** The club seeks to form a comfortable, friendly atmosphere for students and faculty so that they can enjoy anime. In addition the club has been shown to serve as a second customs group for freshmen helping them to form stable friendships easily, as well spark interest for possible East Asian Studies majors.

**Budget for Spring 2008:**

<b><u>Campus Wide Events</u></b>		<b><u>Requested</u></b>	<b><u>Budgeted</u></b>
<b><u>Event</u></b>	<b><u>What?</u></b>		
Sakura Matsuri	Occuring every Spring, this is a nationally recognized fesitval in Japan to celebrate spring and the blooming of the cherry blossom (sakura). We will celebrate, at our regular meeting time, by providing a spread of authentic Japanese food and drinks. We expect to have between 40 to 60 people attend.	\$130	\$110
<b><u>General Body Needs</u></b>	<b><u>Why?</u></b>		
Anime	This is the most vital item of our club since it is, in a sense, the foundation of what we do. We watch on average approximately 10 epsides per meeting of any given series. Each DVD of anime contains 3-5 episodes, and costs around \$25 to purchase. Anime purchased by the club is donated to the Canaday Library.	\$240	\$180
Transportation	A number of our members each spring go to an anime convention in Washington, DC. Drivers volunteer from among those attending the convention, but we would like to help them pay for the cost of gas used on the trip. The distance one way is approximately 150 miles, and the current average gas price is approximately \$3/gallon; we anticipate 2 drivers this semester, and estimate their cars average about 25 mi/gal each.	\$70	<u>\$70</u>
<b>Total</b>		<b>\$440</b>	<b>\$360</b>

**Other Information**  
**Meetings:** Every Friday in Thomas 224. Meetings typically run from 7pm-11pm.

**Total People:** This fall we had around 15 people who regularly attended our weekly meetings. For special events, like the start of a new film series or festivals, we have anywhere from 40-60 people in attendance.

Bryn Mawr Bowlers  
 Spring 2008 Budget

1-Feb-08

Kathryn Wheeler,  
 Alexandra Fenton,  
 Hannah Wood

The Bryn Mawr Bowlers recognizes that while many students enjoy participating in recreational activities such as bowling, the high cost of tuition and living at Bryn Mawr College leave many students without sufficient funds to participate in such activities, especially if one considers extra costs such as transportation. If we receive money from SFC, we will use the vast majority to fund bowling trips to Wynnewood Lanes. We also hope to hold fund raising activities so that that more people can participate in the BMBs trips and that we can go bowling with increased frequency.

# Bryn Mawr College Carnivore Club Budget

Spring 2007

The Carnivore Club is a non-political organization with the sole intention of creating a community around a shared enjoyment of meat. We seek to add to life at Bryn Mawr in a rewarding way with campus-wide activities and a service project each semester. Our club is open to the entire Bi-Co community. At present, our membership includes 1 Bryn Mawr College staff member, 2 Haverford College students, about 50 standard members, and 4 meat allies, who assist with community service projects only.

## Cheesesteak Field Trip

We want to connect Bryn Mawr students with Philadelphia with a meat-themed field trip. We hope to take twenty to thirty students and orient them to the city of brotherly love by taking public transportation and enjoying one of Philly's best known treats. We will most likely visit Jim's on South Street and will open the trip to all members of the Bryn Mawr undergraduate student body. We purchased some of the fare with last semester's budget and require additional funds to complete purchase of twenty one-way trips. We need 20 R5 off-peak tickets at \$3.75 each (total: \$75.00) and 20 tokens at \$1.30 each (\$26.00).

# Budget for Coffee Hour

Spring Semester 2008

*The purpose of coffee hour is to provide a time each week in which students, faculty, and administration can come together as a community outside of an academic setting. It allows individuals a moment to relax at the close of their school week and to enjoy a much needed refreshment. Coffee hour is a tradition that is rooted in Bryn Mawr history and was once enjoyed campus wide. Revived in the spring of 2004 by Alice Goff, coffee hour has increasingly brought more community members together every semester. We plan to serve approximately 275 community members with room to grow as the tradition continues to gain popularity.*

## Public Saf-teas

We host monthly events for the student body including bringing rape victims to campus, people to discuss drinking responsibly (officers and MADD), travel safety and identity theft. These events vary each month and semester. They require publicity and oftentimes paying the speaker or organization to come out.

Requested Budgeted

Table tents, flyers and speaker for 3 teas: \$120 100

## Feedback

One of public safety's main concerns is how community members view them and how they can improve their service. There is a comment box in the campus center that has cards that go with it. The comments on these cards are read at each meeting and constructive criticism is taken seriously.

Cards for a semester: \$50 20

## Shower Tags

In order to make public safety numbers and help lines (for suicide prevention, rape, abuse etc) more accessible, Public Safety has been working towards finding funding for a shower tag campaign. The proposed tags would be similar to the breast self exam tags that used to hang on every shower head in every dorm. They would be two sided tags with a dozen different numbers on them that could be hung in the showers indefinitely.

Shower tags: \$80 80

**Nature of the Club:** The Bryn Mawr Parliamentary Debate Society participates in collegiate debate in the American Parliamentary Debate Society. Parliamentary Debate, which is patterned after the style of platform debate first made famous at Oxford University, is an off-topic, extemporaneous, and competitive debate which stressed rigorous argumentation, logical analysis, quick thinking, and breadth of knowledge. The Bryn Mawr Debate Society has approximately 25 members who attend weekly meetings and practices and compete in numerous tournaments at different colleges.

**Budget for the Bryn Mawr Fencing Club**

The purpose of Bryn Mawr's fencing club is to learn and practice the sport of fencing and to grow that sport on Bryn Mawr's campus (particularly since there is no longer a fencing class offered by the Athletics Department). We work with all skill levels and are building a core of competitive fencers while providing a supportive environment for new fencers.

## Spring 2008 - Budget for the Food Intolerance Group (FIG)

\*\*\* Please note that this is our first semester in existence and our first semester for requesting a budget.

The purpose of the Bryn Mawr Food Intolerance Group (FIG) is to provide a reliable knowledge base about food intolerances among the Bryn Mawr community. We also want to increase awareness about some of the lesser known allergies such as gluten, fructose, and yeast allergies. Support groups for those affected by a food intolerance will be helpful in allowing newly diagnosed individuals to feel as though that have a comfortable choice when it comes to food. We can share recipes and talk about dining hall options such as bag meals provided by the staff, ways to create reliable meals from the buffet, etc. It will be great to have people united with a common purpose and be there to sympathize and understand the difficulties of living with a food allergy.

<b>CAMPUS-WIDE EVENTS PLANNED</b>		
<b>Food Intolerance Awareness</b>		
<i>This campus-wide meeting could be held in the campus center. At it, we could provide foods that match up to different allergies such as lactose, fructose, gluten, yeast, nuts, etc. that are atypical. For example, we could prepare gluten free bread or pasta even though most people think you cant have bread or pasta without gluten. We could make a fructose-free dessert, a creamy lactose-free dish, a nutty tasting food that suits nut allergies. The point of this would be to bring awareness to the community about allergies and let people know that they are not as debilitating as they may seem.</i>

Harvest Christian Fellowship is an interdenominational group open to all and is meant to be a safe place for Christians and non-Christians alike. The members participate in the fellowship through tri-weekly meetings: mid-week meetings on Wednesdays where special speakers are often invited to share, large group on Fridays and Sunday morning services at church. HCF encourages small group Bible studies, prayer, and often hosts talks and informal workshops on topics pertinent to the Christian faith. HCF is associated with Grace Covenant Church ([www.gracecovenant.net](http://www.gracecovenant.net)) located at the campus of University of Pennsylvania. The location permits BMC students to network and meet up with regularly members of the larger Philadelphia university community.

There are about 18 regular members of HCF at Bryn Mawr College and these members regularly interact with members of other faith-based communities at HCF. HCF is also engaged in feeding the homeless at a soup kitchen in West Philadelphia and plans to expand its services to the community by feeding the homeless at Benjamin Franklin Parkway in Philadelphia.

## **BRYN MAWR MAYURI DANCE TEAM \*Explanatory Notes\***

### **Performance Fees, \$400**

#### *Off-Campus Events*

Certain events that Mayuri performs at may require the team to make a monetary contribution in order to participate (i.e. registration forms, etc.).

### **Costumes, \$400**

#### *Mayuri Team Members*

One of the keystones of being a successful and recognized dance team is having colorful, coordinated, and well-made costumes. Since Mayuri is now gaining nation-wide recognition, the likelihood of our performing outside of Bryn Mawr has increased. This, in combination with off-campus events that we are anticipating to perform in, and within the Bi-Co community requires us to invest in an array of costumes that may be used now and in the years to come.

### **Travel Expenses, \$200**

#### *Mayuri Team Members*

Considering our anticipated performances at other schools in the Tri-State area (e.g. Syracuse University in New York), travel expenses will presumably be rather significant. Considering both train and bus fares, a rough estimate of \$200 has been made for our fall transportation budget.

### **Publicity, \$100**

Mayuri makes use of flyers, posters, and table tents to inform the Bi-Co community of upcoming group performances and events that the team may host.

# Spring 2008 - Budget for the Ski/Snowboard Club

## Returning Members: 81

\*\*\* Please note that this is our fourth semester in existence and our third semester for requesting a budget. The president, Christina Harview, was abroad during the Fall 2007 semester and the Treasurer is no longer here this year, which calls for a new one (elections will be held at the first meeting). Because Christina was abroad, the "Returning Members" number is from the Spring 2007 semester and has not adapted for graduated seniors or new Freshwomen. Recruitment will begin after this budget is verified.

The purpose of the Bryn Mawr Ski/Snowboard Club is to involve more students in a sport that they can participate in for a lifetime. This will encourage a healthy attitude and physical fitness, and decrease stress. This sport can be very expensive for those that have to rent equipment. We plan to slowly build an inventory of equipment for the members to use. We will discuss seeking donations of used equipment from community members at our first meeting this Spring. We also hope to plan an equipment swap that will involve the entire community. A ski trip is also currently being planned for February 16th to Camelback Resort.

Stained Glass Club: Spring Budget 2008

*Mission Statement: The mission of the Stained Glass Club is to give students a creative outlet (without having to worry about grades) and allow them to work in a unique medium. No experience is necessary. New students learn how to make stained glass pieces from returning club members. Stained Glass Club is also a social group. We listen to the radio and talk while we work. It is a relaxed club which meets twice a week and allows students to get away from academic stress while making and designing stained glass pieces.*

### Club description

This club aims at providing food for those in need in the Philadelphia area by salvaging untouched leftover food from the dining halls on Bryn Mawr's campus. We need transportation to ship the food to various shelters/food stamp organizations on a daily/a few times per week basis. This money will be used for the purpose of van rental and gasoline.

## Student Union Spring 2008 Budget : SFC

Student Union is a nonpartisan activism organization, committed to creating a participatory society. The club was created Nov 4, 2004. Since then, we have worked on and helped pass Philadelphia City Minimum Wage legislation, lobbied the House and Senate on the Darfur Genocide Accountability Act and the Darfur Accountability Act. In the past year, we have held an information session on Darfur, organized trips to Darfur rallies, and created a website that offers various simple ways for anyone to take action against genocide online.

The Tabitha Performance Group fund was initiated by Emily Harney and Amanda Eicher (BMC '99) in 1998. It allows one or two students interested in choreography and performance studies to put together a full length dance performance work which is usually built in the fall semester and shown, traditionally, the following February or March. Other people involved in the pieces are dancers, who attend rehearsals regularly on a weekly basis. Lights, music, publicity, and props crews become more involved as the work progresses towards two performances in Pembroke Dance Studio which are open to the campus and public. This year's performance will be a coordinated effort between dance majors Adaobi Kanu and Ellen Gaintner, who will each choreograph a work. In total, another 6-10 students will be involved in the dancing itself. One work will run additional studio showings as part of a broader workshopping process inviting opinion and review from those who see it and who participate.

# ZAMI: LBTQ for Students of Color and Their Allies

## Spring 2008 Budget

ZAMI has a dual purpose of support and visibility for lesbian, gay, bisexual, transgendered, queer, and questioning people of color and their allies. Through meetings and discussions, we create a safe space for open dialogue on gender and sexuality within the context of the cultures that we represent. We hold closed meetings every other Tuesday to build a community amongst queer people of color. Since these members may not feel comfortable in other queer communities or in other communities of color. On the other Tuesdays we hold open meetings to talk about multicultural queer issues. Through campus events we promote awareness and foster support for the community. By bringing vocal activists, writers, lecturers, and cultural workers to campus we hope to inform the larger community about political and social issues affecting the LGBTQ-PoC community. Centered in an understanding of pluralism, and the fluidity of identity, we seek to create an environment of inclusiveness and unity. We believe that true unity starts from open dialogue and a belief in fair-mindedness, acceptance, and curiosity. The tolerance that is at the core of ZAMI is not a lax "anything goes" attitude. Rather, it understands that this principle can be upheld only by combating ignorance and division, and by supporting and nurturing free thought and expression. We have about 20 active members and 50 on the list serve that are active in ZAMI events

**BRYN MAWR MAYURI DANCE TEAM \*Explanatory Notes\***

**Performance Fees, \$400**

*Off-Campus Events*

Certain events that Mayuri performs at may require the team to make a monetary contribution in order to participate (i.e. registration forms, etc.).

**Costumes, \$400**

*Mayuri Team Members*

One of the keystones of being a successful and recognized dance team is having colorful, coordinated, and well-made costumes. Since Mayuri is now gaining nation-wide recognition, the likelihood of our performing outside of Bryn Mawr has increased. This, in combination with off-campus events that we are anticipating to perform in, and within the Bi-Co community requires us to invest in an array of costumes that may be used now and in the years to come.

**Travel Expenses, \$200**

*Mayuri Team Members*

Considering our anticipated performances at other schools in the Tri-State area (e.g. Syracuse University in New York), travel expenses will presumably be rather significant. Considering both train and bus fares, a rough estimate of \$200 has been made for our fall transportation budget.

**Publicity, \$100**

Mayuri makes use of flyers, posters, and table tents to inform the Bi-Co community of upcoming group performances and events that the team may host.

## Rocky Horror Picture Show Club Budget Proposal Spring 2008

<u>Item</u>	<u>Amt. Requested</u>	<u>Amt. Received</u>
show rights	\$450.00	450.00

This club meets once a week for two hours (Thursday evenings between 10 PM and midnight) and will have from twelve to seventeen members depending on campus interest, in addition to myself (the club president, Crystal Reed) and the vice president (Caity McCarthy).

\*BMC's film supplier—Swank Motion Pictures—does not carry this film, so the cost cannot be covered by that contract. As such, the school's contract with them does not pertain to the intended showing of Rocky Horror. As per usual, a publicly licensed version of the film must be purchased independently, at the above cost.

**Summary:** Our club deals primarily with exploring the Japanese culture through the use of media, namely animation or 'anime'. Our club has been active for seven years.

**Purpose:** The club seeks to form a comfortable, friendly atmosphere for students and faculty so that they can enjoy anime. In addition the club has been shown to serve as a second customs group for freshmen helping them to form stable friendships easily, as well spark interest for possible East Asian Studies majors.

**Why?**

Anime

This is the most vital item of our club since it is, in a sense, the foundation of what we do. We watch on average approximately 10 epsides per meeting of any given series. Each DVD of anime contains 3-5 episodes, and costs around \$25 to purchase. Anime purchased by the club is donated to the Canaday Library.

Transportation

A number of our members each spring go to an anime convention in Washington, DC. Drivers volunteer from among those attending the convention, but we would like to help them pay for the cost of gas used on the trip. The distance one way is approximately 150 miles, and the current average gas price is approximately \$3/gallon; we anticipate 2 drivers this semester, and estimate their cars average about 25 mi/gal each.

This fall we had around 15 people who regularly attended our weekly meetings. For special events, like the start of a new film series or festivals, we have anywhere from 40-60 people in attendance.

***Statement of Purpose:***

*the college news* is a feminist news journal which serves as a source of information and self-expression for the Bryn Mawr community. Recognizing feminism as a collective process, we attempt to explore issues of interest to all women, both as members of this college and of the larger world community. Through this continuing dialogue, we seek to promote communication and understanding while fostering self-confidence and independence in expression.
