This is similar to the budgets rewarded to the concert series organizations Haverford (\$13,000 in Spring '08) and Swarthmore (\$20,000+ in Spring '08).*

## ZAMI: LGBTQ for Students of Color and Their Allies

### Fall 2008 Budget

Zami has a dual purpose of support and visibility for lesbian, gay, bisexual, transgendered, queer and questioning people of color. Through meetings and discussions, we create a safe space for open dialogue on gender and sexuality within the context of the cultures that we represent. Through campus events we promote awareness and foster support for the community. By bringing vocal activists lecturers and cultural workers to campus we hope to inform the larger community about political and social issues affecting the LGBTQ-PoC community.

Centered in an understanding of pluralism, and the fluidity of identity, we seek to create an environment of inclusiveness and unity. We believe that true unity starts from open dialogue and a belief in fair-mindedness, acceptance and curiosity. The tolerance that is at the core of Zami is not a lax "anything goes" attitude. Rather, it understands that this principle can be upheld only by combating ignorance and division, and by supporting and nurturing free thought and expression.
