Types of Activities: The members of the Pulso dance troupe are students who wish to share their enthusiasm for the art and culture of Latin movement. The purpose of the organization is to provide the Bryn Mawr, Haverford, and Swarthmore communities with opportunities to learn and to practice Latin dance through instruction, guided practice, and social dancing activity. It is also our aim to introduce the styles of Mambo, Salsa, Reggaeton, Cha-cha-cha, Rumba, Merengue, Samba, Flamenco, Bachata, and Tango to those who may have never had the opportunity to encounter these dances, as their instruction is often costly.

The purpose of this club is to give Bryn Mawr students the opportunity to study the Japanese Martial Art of Judo, under the tutelage and supervision of the professional Senseis at Main Line Judo. Through Judo, students will learn a competitive sport that is at the same time a great method of self-defense, encouraging self-confidence in participants. Students will have the chance to exercise off-campus and meet students from other local universities, fostering inter-collegiate relations.

Spring 2010- Budget for Ski/Snowboard Club

Returning Members: 250

This is our eighth semester in existence and our seventh semester requesting for a budget.

The purpose of the Bryn Mawr Ski/Snowboard Club is to share the love of a sport that students can participate in for a lifetime. This will encourage a healthy attitude, physical fitness, and decrease stress. This sport can be very expensive; we hope to slowly build an inventory of equipment for the members to use and subsidize the cost of trips. We plan to do this through seeking donations of used equipment from community members and with the help of the funding we receive from Bryn Mawr. We have had four very successful ski trips; the attendance at these trips continues to increase and the community's response has been very positive. We are now in contact with a variety of mountain travel agencies which have offered us many opportunities; we hope to soon participate in these opportunities through increased funding, fundraising, and socials. Our trips involve all Tri-Co students, post-bacs, BMC faculty, staff, and their children! Advanced, intermediate, and beginner individuals have all been responsive to subsidized ski trips that make these winter sports available to everyone, regardless of their economic background!
