# The Extreme Keys

The Extreme Keys is the one of the original a cappella groups in the Bi-Co. founded in 1981 as the "Suburban Squares." Students from Bryn Mawr and Haverford Colleges can audition to be members. Practice is at least three times a week for a minimum of 2 hours each practice. We currently have 12 members and are having auditions this semester for 2-3 more members.

We hold most of our performances on the Bryn Mawr College campus. This semester we will do a short weekend tour to Massachusetts singing with a cappella groups from UMass, Hampshire, Mt. Holyoke, and Smith. We hold numerous concerts and performances each semester and host a cappella groups from other colleges at joint concerts.

Our music has evolved from jazz and madrigal to our current preference for alternative and pop songs. We pull from the 60's, 70's, 80's and 90's as well as indie music from the 21st century. Some of the group's earliest arrangements were done by people outside the group, but current pieces are arranged by group members. The songs performed by the Keys are chosen at the beginning of every semester.
