**Club Name:**

Bryn Mawr-Haverford Anime Club

**Summary:**

Our club deals primarily with exploring the Japanese culture through the use of media, namely animation or 'anime'. Our club has been active for seven years.

**Purpose:**

The club seeks to form a comfortable, friendly atmosphere for students and faculty so that they can enjoy anime. In addition the club has been shown to serve as a second customs group for freshmen helping them to form stable friendships easily, as well spark interest for possible East Asian Studies majors.

\*To be a Girl Scout Troop, the national organization and local council require membership dues and background checks for all adult volunteers. The number of each that we are paying for is slightly under our projected membership because some have lifetime memberships and/or have already had background checks for other organizations.

\*\* We have held a badge workshop for girls in grades first through sixth for 5+ years. This provides an opportunity for these girls to earn badges and have experiences that are harder for their own troops to provide.

Club Information The goal of Campus Girl Scouts is to give college students the opportunity to continue (or begin) their involvement in Girl Scouting. This in turn provides strong female role models to the younger girls in the community with whom we spend time. We continue to enjoy Scouting and pass on the skills and knowledge we have learned. Campus Scouts meets weekly, has approximately 10 members and recruits non-girl scout volunteers for events.

<b>Budget for Coffee Hour</b>		
Fall Semester 2007		
<p><i>The purpose of coffee hour is to provide a time each week in which students, faculty, and administration can come together as a community outside of an academic setting. It allows individuals a moment to relax at the close of their school week and a enjoy a much needed refreshment. Coffee hour is a tradition that is rooted in Bryn Mawr history and was once enjoyed campus wide. Revived in the spring of 2004 by Alice Goff, coffee hour has increasingly brought more community members together every semester. We plan to serve approximately 275 community members with room to grow as the tradition continues to gain popularity.</i></p>

The Fall Student Dance Concert is a tradition started in 1992 to provide a unique opportunity for Bryn Mawr and Haverford dancers to showcase student dance and choreography. In the past, performances featured a great variety of dances, including ballet, modern, jazz, tap, and classical Indian dance. Two months of intense crafting, planning and practicing culminates in a mid-November production that attracts students from the Tri-Co, family, friends, and coverage by the Bi-Co News.

The Harvest Christian Fellowship is an interdenominational group open to all and is meant to be a safe place for Christians and non-Christians alike. The members participate in the fellowship in through tri-weekly meetings: mid-week meetings on Wednesdays where special speakers are often invited to share, large group meetings on Fridays and Sunday morning services at church. HCF encourages small group Bible studies, prayer and often hosts talks and informal workshops on topics pertinent to the Christian faith. HCF is associated with Grace Covenant Church ([www.gracecovenant.net](http://www.gracecovenant.net)) located at the campus of University of Pennsylvania. Its location permits BMC students to network and meet up with regularly members of the larger Philadelphia university community. There are about 18 regular members of HCF at Bryn Mawr College and these members regularly interact with members of other faith-based communities at BMC. HCF is also engaged in feeding the homeless at a soup kitchen in West Philadelphia.

# Lavender's Blue Budget

Fall 2007

*Lavender's Blue is an a cappella group which specializes in "oldies" songs. This year, Lavender's Blue is four years old and we will be starting to extend ourselves even more into the Bryn Mawr and Philadelphia community. As performers of popular "oldies" songs, we are the ideal performers for many different volunteer opportunities, and our new primary goal of community service will include several performances at nursing homes, hospitals, and schools. We consider ourselves ambassadors for Bryn Mawr in these situations and hope to be featured in local newspapers and attract some positive press.*

## Amount Requested

### **Organizational**

#### **Music**

\$50

Lavender's Blue uses sheet music to help guide us in arranging popular songs.

### **Recording**

#### **Professional recording**

\$1,360

Lavender's Blue will be recording twice during the semester at Milkboy Studios. They charge \$85/hour, and we plan to record for 16 hours.

### **Touring and Performing**

#### **Non-individualized jackets**

\$450

As ambassadors for Bryn Mawr College in the public eye and in our community service opportunities, we feel it is important to present as polished and professional image as we can. A group jacket will give our group a more recognizable presence and make our performances even more fun and exciting for our audiences! After considerable research we have found the most inexpensive option that will be of long term value. This non-individualized jacket would be passed down from member to member. It would be a one time expense that would last for years and years to come. We also feel that as a four year old group, this is a natural progression. We think we have proven that we are not only here to stay, but we are a real asset to our school community. Your support means that you recognize our time and effort building our group to this point. We truly hope to represent our college with talent and style!

**Travel expenses**

\$75

This cost is for round-trip train tickets for members to get to and from the recording studio, as well as gas money for the three cars we need to get us to volunteer concerts and community outreach programs.

**Volunteer Concert Underwriting**

\$100

Expenses for setting up and participating in volunteer concerts, possibly with places like Lankenau Hospital and nursing homes in the area.

**Campus-Wide Events**

**End-of-semester concert**

The event will be held in December or late November in the Campus Center, based on previous years. We expect approximately 100-200 people.

## **BRYN MAWR MAYURI DANCE TEAM \*Explanatory Notes\***

### **Performance Fees, \$500**

#### *Off-Campus Events*

Certain events that Mayuri performs at may require the team to make a monetary contribution in order to participate (i.e. registration forms, etc.).

### **Costumes, \$400**

#### *Mayuri Team Members*

One of the keystones of being a successful and recognized dance team is having colorful, coordinated, and well-made costumes. Since Mayuri is now gaining nation-wide recognition, the likelihood of our performing outside of Bryn Mawr has increased. This, in combination with off-campus events that we are anticipating to perform in, and within the Bi-Co community requires us to invest in an array of costumes that may be used now and in the years to come.

### **Guest Speaker, \$500**

#### *Campus Wide Event*

Mayuri has held a tradition of hosting an annual guest speaker for the past three years. The purpose of this speaker, who is yet to be determined, is to increase the Bi-Co community's awareness of the myriad South Asian dance styles. The speaker also, typically, conducts a demonstration at the end of his/her discussion, which is a wonderful way for those in attendance to become physically involved.

### **Travel Expenses, \$200**

#### *Mayuri Team Members*

Considering our anticipated performances at other schools in the Tri-State area (e.g. Syracuse University in New York), travel expenses will presumably be rather significant. Considering both train and bus fares, a rough estimate of \$200 has been made for our fall transportation budget.

### **Publicity, \$100**

Mayuri makes use of flyers, posters, and table tents to inform the Bi-Co community of upcoming group performances and events that the team may host.

# Mixed Company

The Bi-College Muslim Students' Association is an organization that provides support and resources to Muslims on both the Haverford and Bryn Mawr College campuses. An intergral aspect of the MSA is to provide a space for Muslims to come together, voice opinions, discuss issues, and learn from one another. It is also an organization which, through events like Islam Awareness Week, attempts to educate the campuses at large about the message of Islam.

### Mission Statement:

The Mission of a Bryn Mawr NaNoWriMo is bring the fantastic experience of writing a 50,000 word novel in one month to the forefront of the minds of Bryn Mawr students. The club will publicize the National Novel Writing Month's purpose to the entire school, and work to engage all who would like to participate or who are simply interested in what it is all about. The meetings will serve as an outlet for those who pledge to write a book and as a workshop where idea bouncing, editing, or writing like mad can occur. Finally, after November has passed, members will have an opportunity to share their work with fellows and celebrate how NaNoWriMo affected their lives, whether or not they reached the the final goal of 50k words.

<b>TOTAL</b>	<b>\$ 203.90</b>	<b>\$93.50</b>
--------------	------------------	----------------

The Bryn Mawr NaNoWriMo will most likely meet two or three times before the month of November in order to explain what NaNoWriMo is, have members sign up for the club and also on the national registry at [nanowrimo.org](http://nanowrimo.org), start brainstorming, and decide on what days to hold regular meetings (one to two days each week throughout November, to function as write-ins and support groups), discuss the possibilities of NaNoFiMo in December (would use any remaining funds from Fall Budget) and NaNoEdMo in March. Last year we had approximately 25 members, ten who made regular attendees - with a place in Fall Frolic and more experience as club leaders, we hope to welcome 35-40 members, perhaps 20-25 regulars.

**Bryn Mawr College  
Pre-health Club**

Budget first semester: (Fall 2007)

Statement of Purpose:

The Pre-health club is a means for Bryn Mawr College students to become familiar with health related careers and all possible life journeys involved with health. As of the Fall 2004, the club has been revamped so that it better suits the needs of its members with a new emphasis on the importance of creating and maintaining social networks between Premed and Prehealth students and medical students, schools, employers ect... To-date, the club has been more than successful in accomplishing this task.

The Pre-health club offers a way for students with the same goals to meet one another and both learn and dispense advice to one another. The students are provided opportunities to attend meetings and lectures from people experienced in health related fields. The club organizes community service activities, visits to local medical schools, hosts speakers, and participates in fundraising activities. The club is designed to assist pre-med/pre-health students in gaining a deeper understanding of the required pre-health courses and labs.

Prelude Bi-College Christian Fellowship  
Budget for Fall 2007

Prelude is a Bi-Co Christian Fellowship that meets once a week for Bible study and fellowship time. Our goal is to reach out to any students who desire to have a better understanding of the Christian faith by providing a safe environment. Our group is affiliated with Jubilee Presbyterian Church in Conshohocken, PA. Jubilee Church provides Bi-Co student leaders with leadership training, guidance, and care. Prelude, as a Bi-Co club seeks to fulfill it's goal in various ways like providing for transportation for students to Jubilee Church on Sundays, and to help students subsidize costs for activities that cater to students' desire to have a better understanding of Christianity. Currently we have 8 returning permanent members.

# PULSO LATINO

## BUDGET FOR 2007-2008 ACADEMIC YEAR

*The members of the Pulso dance troupe are students who wish to share their enthusiasm for the art and culture of Latin movement. The purpose of the organization is to provide the Bryn Mawr, Haverford, and Swarthmore communities with opportunities to learn and to practice Latin dance through instruction, guided practice, and social dancing activity. It is also our aim to introduce the styles of Mambo, Salsa, Reggaeton, Cha-cha-cha, Rumba, Merengue, Samba, Flamenco, Bachata, and Tango to those who may have never had the opportunity to encounter these dances, as their instruction is often costly. In time, Pulso hopes to establish itself alongside such dance groups as Haverford's "D.U.I.," Swarthmore's "Rhythm N' Motion," and U. Penn's "Onda Latina." If successful, Bryn Mawr will obtain an additional means by which to draw the tri-co community together.*

This club meets once a week for two hours (Thursday evenings between 10 PM and midnight) and will have from twelve to seventeen members depending on campus interest, in addition to myself (the club president, Jillian Davis) and the vice president (Anna Van Brookhoven).

\*BMC's film supplier—Swank Motion Pictures—does not carry this film, so the cost cannot be covered by that contract. As such, the school's contract with them does not pertain to the intended showing of Rocky Horror. As per usual, a publicly licensed version of the film must be purchased independently, at the above cost (figure provided by Mary Beth Horvath).

\*\*Intent has been declared to spend the rest of last semester's budget; however, our SFC rep (Alida Uwera) has informed us that she will be unable to give us the remaining figure until Saturday evening.

## Stained Glass Club: Fall 2007 Budget

*Mission Statement: The mission of the Stained Glass Club is to give students a creative outlet (without having to worry about grades) and allow them to work in a unique medium. No experience is necessary. New students learn how to make stained glass pieces from returning club members. Stained Glass Club is also a social group. We listen to the radio and talk while we work. It is a relaxed club which meets twice a week and allows students to get away from academic stress while making and designing stained glass pieces.*

The Tabitha Performance Group fund was initiated by Emily Harney and Amanda Eicher (BMC '99) in 1998. It allows one or two students interested in choreography and performance studies to put together a full length dance performance work which is usually built in the fall semester and shown, traditionally, the following February or March. Other people involved in the piece are dancers, who attend rehearsals regularly on a weekly basis. Lights, music, publicity, and props crews become more involved as the work progresses towards performance which is open to the campus and public for two performances in the PEM Dance Studio.

This year's performance will be a coordinated effort between dance majors Adaobi Kanu and Ellen Gaintner, who will each choreograph a work. In total, another 6-10 students will be involved in the dancing, itself. One work will run additional studio showings as part of a broader workshopping process inviting opinion and review from those who see it and who participate.

## Video Gamers Club

This club is designed around the premise that "Girls are gamers, too." Since its foundation in the spring of 2006 it has provided opportunities for the women on campus to enjoy video gaming, whether they are a part of the club or not. Throughout the semester we hold regular meetings, as well as campus-wide events both specifically about video games and also just for sheer enjoyment. Last year, we brought speakers onto campus in collaboration with the Computer Science department, ran several campus-wide gaming events, as well as increased our membership by 80 people. We also ran numerous fundraisers in order to supplement our SFC budget, and combined we were able to purchase an Nintendo Wii and an Xbox 360, in addition to a PS2 that was donated to our club. Last year, in agreement with the SFC, we implemented a rental system in order to allow students to borrow our equipment outside of our weekly meetings, so as to provide access to the equipment to as many people as possible.
