Alternative Concert Series

MISSION/PURPOSE OF CLUB OR ORGANIZATION: It is the Alternative Concert Series' priority to host as many concerts as possible to provide the school with a nighttime social atmosphere and to support the local music community.

CO-HEADS:

Melissa Carn 2010	717-991-6658	mcarn@bmc
Elizabeth Hood 2010	203-216-5091	ejhood@bmc

NUMBER OF MEMBERS: 2.

TYPE OF ACTIVITIES: Nighttime weekend concerts to be held in college sponsored areas. Concerts open to the Tri-College community will be free of charge to students.

TOTAL CLUB BUDGET FOR TOTAL FISCAL YEAR: \$12,069.00. *After extensive research, the co-heads have found that a headliner band will cost \$1,000-\$1,500 for a 4-hour set and an opening band can cost within the range of \$200-\$500 for the same set assignment. This is similar to the budgets rewarded to the concert series organizations at Haverford (\$13,000 in Spring '08) and Swarthmore (\$20,000+ in Spring '08).*

AMOUNT OF FUNDS REQUESTED FROM FUNDER: \$12,069.00.

Club Name: Bryn Mawr-Haverford Anime Club

Summary: Our club deals primarily with exploring the Japanese culture through the use of media, namely animation or 'anime'. Our club has been active for eight years.

Purpose: The club seeks to form a comfortable, friendly atmosphere for students and faculty so that they can enjoy anime. In addition the club has been shown to serve as a second customs group for freshmen helping them to form stable friendships easily, as well spark interest for possible East Asian Studies majors.

Campus Wide Events
Event

		<u>Requested</u>	<u>Budgeted</u>
<u>What?</u>			
Freshmen Welcome	September 19th will be the first meeting of the new semester, and various foods (snacks, drinks, etc) will be provided.	\$40	<u>\$30</u>

Event

Tsukimi Matsuri

<u>What?</u>			
Occuring every Fall, this is a nationally recognized fesitval in Japan to celebrate the moon and view the moon. We will celebrate, at our regular meeting time, by providing a spread of authentic Japanese food and drinks. We expect to have between 40 to 60 people attend.		\$130	\$90

General Body Needs
Item

Anime

<u>Why?</u>			
This is the most vital item of our club since it is, in a sense, the foundation of what we do. We watch on average approximately 10 epsides per meeting of any given series. Each DVD of anime contains 3-5 episodes, and costs around \$25 to purchase. Anime purchased by the club is donated to the Canaday Library.		\$439	\$300

Transportation

A number of our members each spring go to an anime convention in Washington, DC. Drivers volunteer from among those attending the convention, but we would like to help them pay for the cost of gas used on the trip. The distance one way is approximately 150 miles, and the current average gas price is approximately \$3.90/gallon; we anticipate 2 drivers this semester, and estimate their cars average about 25 mi/gal each.		\$120	<u>\$120</u>

Special Project Fall 2008:

Visiting Artist Series

We intend to invite local artists from the Philadelphia area, specifically from the Philadelphia chapter of the Women's Caucus for Art, a national organization promoting women artists, to campus to talk about their work and give a workshop. The artists will be given a chance to talk about their artwork, how they manage financially as an artist, and how their artwork has developed over time. At the end of the three-week series we will hold a gallery show of the work made in those workshops as well as any work the artists would like to display. The gallery show will be accompanied by a reception giving community members a change to meet and talk with students and artists. Important budgeting for the visiting artist series includes payment for the artist, money for publicity, and materials specific to the workshops.

Extreme Keys, a cappella group

Contact:

Treasurer, Business Manager, Webmistress: Janna Clare Weaver jweaver@brynmawr.edu
 (919)616-8004; Campus Box C-26

Pitch (President): Nina Jankowicz njankowicz@brynmawr.edu (609)933-1282 Campus Box C-1240

The Extreme Keys is the Bi-Co's oldest all-female a cappella group, originally founded in 1981 as the "Suburban Squares." Students from Bryn Mawr and Haverford Colleges can audition to be members. Practice is twice a week for a minimum of 2 hours. We currently have 12 girls.

We hold most of our performances on the Bryn Mawr College campus. We plan to do several short tours throughout the school year. We typically have around 7-8 performances per semester and are aiming at making it around 10-12 performances a semester.

We host a cappella groups from other colleges at joint concerts. Our music has evolved from jazz and madrigal to our current preference for alternative and pop songs. We pull from the 60's, 70's, 80's and 90's as well as indie music from the 21st century.

Some of the group's earliest arrangements were done by people outside the group, but current pieces are arranged by group members. The songs performed by the Keys are chosen at the beginning of every semester.

The Fall Student Dance Concert is a tradition started in 1992 to provide a unique opportunity for Bryn Mawr and Haverford dancers to showcase student dance choreography. In the past, performances featured a great variety of dances, including ballet, modern, jazz, tap, and classical Indian dance. Two months of intense crafting, planning, and practicing culminates in a mid-November production that attracts students from the Tri-Co, family and friends, and coverage by the Bi-Co News.

The purpose of Bryn Mawr's fencing club is to learn and practice the sport of fencing and to grow that sport on Bryn Mawr's campus (particularly since there is no longer a fencing class offered by the Athletics Department). The Harvest Christian Fellowship is an interdenominational group open to all and is meant to be a safe place for Christians and non-Christians alike. The members participate in the fellowship through tri-weekly meetings: mid-week meetings on Tuesdays, where special speakers are often invited to share, large group meetings on Friday nights and Sunday morning services at church. Leadership training is also provided to student leaders on Saturday mornings.

HCF encourages small group Bible studies, prayer and often hosts talks and informal workshops on topics pertinent to the Christian faith. HCF is associated with Grace Covenant Church (www.gracecovenant.net) located at the campus of University of Pennsylvania. Its location permits BMC students to network and regularly meet up with members of the larger Philadelphia university community. There are about 18 regular members of HCF at Bryn Mawr College and these members regularly interact with members of other faith-based communities at BMC.

BUDGET FOR MODEL UNITED NATIONS FALL 2008

Model United Nations is an authentic simulation of the U.N. General Assembly and other multilateral bodies that promotes student interest in international relations, increases the capacity for students to engage in problem solving, teaches aspects of conflict resolution, research skills, and communication skills and creates the opportunity to meet new people and make new friends. The Model United Nations Club at Bryn Mawr benefits the Bryn Mawr Community in several ways. It provides Bryn Mawr students, who have an interest in global politics, economics and international relations, with a forum to discuss various issues that confront world leaders today and to draft resolutions in response to these global issues. By attending the conferences, Bryn Mawr students develop their public speaking, debating and reasoning skills. Model UN conferences provide Bryn Mawr students with an opportunity to enhance their leadership and interpersonal skills, by giving them the opportunity to interact with young people of different backgrounds. This exposure to divergent points of view helps to expand our understanding of politics and foreign relations, thus helping the members of the Bryn Mawr Community to become more open-minded and knowledgeable about the world at large.

Budget

Fall 2008

The Night Owls is the official all-Bryn Mawr a cappella group representing Bryn Mawr College in a cappella functions. We perform at college-sponsored (alumnae associations, fundraisers, May Day), as well as personally engineered events, both on campus and off. We normally have between 15-20 members, representing each undergraduate class. We have a diverse repertoire, ranging from the latest American pop music, to oldies, to international music. We rehearse three times a week for a total of approximately six hours. Auditions are held at the beginning of each semester for all Bryn Mawr students. We produce CD's, which we both sell to raise money for the group and give to the school to promote the Arts at Bryn Mawr (this year we are making a traditions CD for the Alumnae Association). We are a non-profit organization.

Types of Activities: The members of the Pulso dance troupe are students who wish to share their enthusiasm for the art and culture of Latin movement. The purpose of the organization is to provide the Bryn Mawr, Haverford, and Swarthmore communities with opportunities to learn and to practice Latin dance through instruction, guided practice, and social dancing activity. It is also our aim to introduce the styles of Mambo, Salsa, Reggaeton, Cha-cha-cha, Rumba, Merengue, Samba, Flamenco, Bachata, and Tango to those who may have never had the opportunity to encounter these dances, as their instruction is often costly.

Spring 2008 - Budget for the Ski/Snowboard Club

Returning Members: 94

This is our fifth semester in existence and our fourth semester for requesting a budget.

The purpose of the Bryn Mawr Ski/Snowboard Club is to involve more students in a sport that they can participate in for a lifetime. This will encourage a healthy attitude and physical fitness, and decrease stress. This sport can be very expensive for those that have to rent equipment. We plan to slowly build an inventory of equipment for the members to use. We will discuss seeking donations of used equipment from community members at our first meeting this Fall. We have organized two very successful ski trips; attendance continues to increase and community response has been very positive. Our trips involve both Bryn Mawr and Haverford students, post-bacs, BMC faculty, staff, and their children! Advanced, intermediate, and beginner individuals have all been responsive to our BMC subsidized ski trips that make these winter sports available to everyone, regardless of their economic background!

Monthly Debrief Sessions: These sessions will be an opportunity for all members who have been involved in the Street Outreach project to be able to share different insights they have gained, challenges and difficulties they have faced, as well as ways in which this organization can grow. We would also like to offer our volunteers a small token of gratitude for their hard work throughout the semester.

The Tabitha Performance Fund was initiated by Emily Harney and Amanda Eicher (BMC '99) in 1998. It allow one or two students interested in choreography and performance studies to put together a full length dance performance work which is usually built in the fall semester and traditionally shown, the follow February or March. Other people involved in the pieces are dancers, who attend rehearsals regularly on a weekly basis. Lights, music, publicity, and a technical crew become more involved as the work progresses towards two performances in Pembroke Dance Studio. The performances are open to the campus and public. This year's performance will feature the choreography work of dance major Caitlin Romasco, and involve 5 additional dancers, and technical crew.

ZAMI: LGBTQ for Students of Color and Their Allies
Fall 2008 Budget

Zami has a dual purpose of support and visibility for lesbian, gay, bisexual, transgendered, queer and questioning people of color. Through meetings and discussions, we create a safe space for open dialogue on gender and sexuality within the context of the cultures that we represent. Through campus events we promote awareness and foster support for the community. By bringing vocal activists lecturers and cultural workers to campus we hope to inform the larger community about political and social issues affecting the LGBTQ-PoC community. Centered in an understanding of pluralism, and the fluidity of identity, we seek to create an environment of inclusiveness and unity. We believe that true unity starts from open dialogue and a belief in fair-mindedness, acceptance and curiosity. The tolerance that is at the core of Zami is not a lax "anything goes" attitude. Rather, it understands that this principle can be upheld only by combating ignorance and division, and by supporting and nurturing free thought and expression.
